

# SCHWARZE

FOR  
SENATE

## **Fellow Republicans and Patriots of Minnesota,**

Minnesota is hurting. Decades of weak leadership, broken accountability, and politicians who serve themselves instead of the people have pushed our great state to the brink. Crime is up, trust is gone, and billions of your tax dollars have vanished while those responsible refuse to answer for it. This did not happen overnight, and it will not be fixed by more of the same. Minnesota does not need another spectator. Minnesota needs a fighter.

### **I have never watched from the sidelines. I am a man of action.**

Immediately following 9/11, on my 18th birthday, I enlisted to serve our country. Over the next 20 years, I served under both parties, across 4 presidential administrations, completed 9 combat deployments, and operated in more than 70 countries. First as a Marine, then as a Navy SEAL, I led Teams on No-Fail missions around the world. Those missions mattered. But **this is the most important rescue mission of my life—Operation Make Minnesota Great Again.**

### **I will not fail.**

I will fight for the rule of law, not support the Antifa anarchists burning our cities while the Walz & Flanagan Administration fan the flames. The chaos in our streets is intentional; it's a sideshow created by Walz & Flanagan designed to distract you from the **\$9 billion in fraud taken from Minnesota families, YOUR MONEY, that was stolen under their watch.**

### **I will not be distracted.**

When elected to the United States Senate, **I will not rest until every dollar is accounted for and every criminal is held accountable,** including corrupt politicians who believe they are above the law. I spent two decades fighting terrorists to protect America. I will not stand idle while Walz and Flanagan allow our state to be exploited by foreign criminal networks and extremist ideologies. Leadership means confronting threats directly, not appeasing them.

### **Before I was a warfighter for America, I was adopted.**

I understand the value of life because my life was given a chance. The radical changes Walz and Flanagan made to Minnesota's abortion laws are abhorrent. In the U.S. Senate, I will confront this evil by expanding life, promoting adoption, and securing federal resources to support expectant mothers.

### **I will continue to fight for women and girls.**

I will never stop working to protect girls' privacy in locker rooms, defend fair play in sports opportunities to earn a scholarship, and keep girls safe from competing against biological men. Protecting women's rights is common sense and takes courage.

### **Winning this U.S. Senate seat is critical for America, and I am the only candidate strong enough to win.**

We are the only campaign raising the resources needed to compete in November, and we have done it 100 percent through grassroots fundraising. Our grassroots Team is already working across Minnesota, earning your trust and your endorsement.

**I will honor your endorsement** and fight to protect it down ballot, because we only win when we fight together as a Team.

Minnesota stands at a crossroads. The contrast could not be clearer: a constitutional conservative patriot versus a Walz Flanagan Administration backed by radical leftists pushing a socialist agenda. The stakes could not be higher. I am working every day to save our state, but I cannot do it alone. Join our Team—**Become a Schwarze for Senate (SFS) Delegate** and stand with us. Together, we will restore Minnesota and continue building a **Stronger America.**

## **FOR LOVE OF COUNTRY,**

*Adam Schwarze,*

Former Navy SEAL, Marine, Republican Candidate for U.S. Senate – Minnesota
