

KRISTIN
ROBBINS
— FOR  GOVERNOR —

Good evening, and thank you for participating in your precinct caucus tonight. Grassroots engagement is the foundation of our party, and I'm grateful you took the time to be involved.

Like you, I also come from the grassroots. I've been a delegate since I was in college and I've put in the work to elect Republicans for decades. I've knocked on doors. I've put up signs. I've done a lot of phone-banking and parades for other candidates, long before I ran for office.

And like all of you, I am **outraged** by what's happened to Minnesota under Tim Walz.

I was born in Crookston. My husband and I raised our three daughters in the western suburbs. And we've watched the Minnesota we know and love slip away. Our once-great state has become a national punchline.

As Chair of the House Fraud Prevention Committee, I am leading the charge to **expose the Walz administration's fraud and corruption**, and let me tell you, we've only seen the tip of the iceberg.

As a mom, community volunteer and now as a state Legislator who has only served under Democrat-run state government, one thing is abundantly clear: **the only way to save our state is to stand up against the Democrats' radical agenda and WIN.**

That's exactly what I've done.

I led the charge to repeal the Walz tax hikes and **cut taxes for families and for seniors on Social Security**. I voted against Walz's green new deal every time. I voted to end **free healthcare for illegal immigrants**. And I proudly stand up for our girls **against the creepy insanity of the woke left**.

I run on my conservative record and **I win**.

I represent a tough swing district. In 2024, the Presidential race was tied – and I won by 14 points. Every time I've been on the ballot, I've outperformed the top of the ticket by double digits, all while standing strong for conservative values.

We can do this. We can get our state back on track.

I know how to fight for conservative principles. And I know how to win.

My name is Kristin Robbins, and I am running for Governor to stop the fraud and ensure we have good schools, safe communities and opportunity for everyone willing to work hard.

Let's **fight the fraud, stop the insanity, and make Minnesota prosper**.

Sincerely,

Rep. Kristin Robbins
